EARTHDAY EDUCATORS

HOW CAN YOU STAY INFORMED ABOUT

Climate Education?

Saving the Forests

According to the Audubon Society, "the U.S. Forest Service (USFS) has at least **1.3 million** acres of forests in need of restoration..." The Trees need to be preserved and taken care of! Explore the benefits from clean air to providing shelter for animals.

Resources

This month we explore the importance of saving the trees. Students will learn how deforestation is destructive and the impact it has on different stakeholders.

Important Dates

- March 3rd- World Wildlife Day
- March 19th - Spring Equinox
- March 21st - International Day of Forests
